Evaluation			
<p>Students are expected to attend class each seminar. Because of the actual pandemic situation, class will be online per MS Teams every second week. First online meeting is: 16.2.2021 at 10:00 a.m. The goal of each class is to discuss elaborated "problem" sets. There will be 5 "problem" sets in form of case-studies with additional questions. They will be sent to students every second week. The students should elaborate answers to questions and send them per email to the teacher. The students should get a maximum of 20 points for each problem set. All students are expected to participate in class prepared and to play an active role in class.</p>
