

## Errata to: Bryophyte flora of the Košice Zoo (E Slovakia)

Pavel Širka<sup>1</sup> & Marko S. Sabovljević<sup>2,3</sup>

<sup>1</sup> Department of Phytology, Faculty of Forestry, Technical University in Zvolen, T.G. Masaryka 24, SK-960 01 Zvolen, Slovakia, pavel.sirka@tuzvo.sk

<sup>2</sup> Institute for Botany and Botanical Garden, Faculty of Biology, University of Belgrade, Takovska 43, 11 000 Belgrade, Serbia, marko@bio.bg.ac.rs

<sup>3</sup> Department of Botany, Institute of Biology and Ecology, Faculty of Science, Pavol Jozef Šafárik University, Mánesova 23, 041 54 Košice, Slovakia

In the second issue 2/2022 (Širka et al. 2022) authors published the finding of *Physcomitrium eurystomum*, which was identified based on one fertile plant and the identification needed confirmation. The first author visited the locality with M. Sabovljević on 21<sup>st</sup> April 2023 and collected fertile *Physcomitrium* plants and identified them as *P. pyriforme*.

We ask readers to edit this information.
