

# Summer school

# on protein stability and folding

27. June 2022 - 07. July 2022, Kosice

*Join us and experience lectures in the field of protein science from Slovakian and foreign researchers*

## WHO CAN PARTICIPATE?

Undergraduate/PhD students who would like to experience new things and get a deeper insight into protein folding & stability, theoretical analysis of biological data and listen to inspiring lectures

## WHAT TO EXPECT?

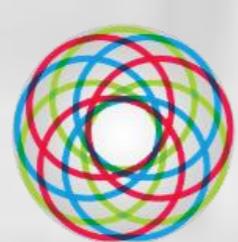

Interesting talks of UPJS, TUM, SAV researchers, experiments focused on protein unfolding, protein binding, stability, and data analysis

## WHAT DO YOU NEED?

Please fill the registration form and send to us until 13.06.2022. Please bring a notebook for data analysis and online lectures
