## Summer school

# DIRECTED EVOLUTION OF PROTEINS

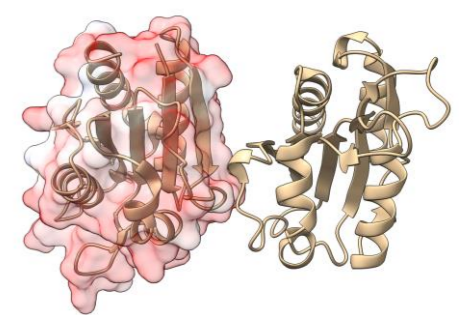

2<sup>nd</sup> – 12<sup>th</sup> May 2023, Košice

*Enhance your knowledge, boost your CV and learn new skills from the experts.*

## WHO CAN PARTICIPATE?

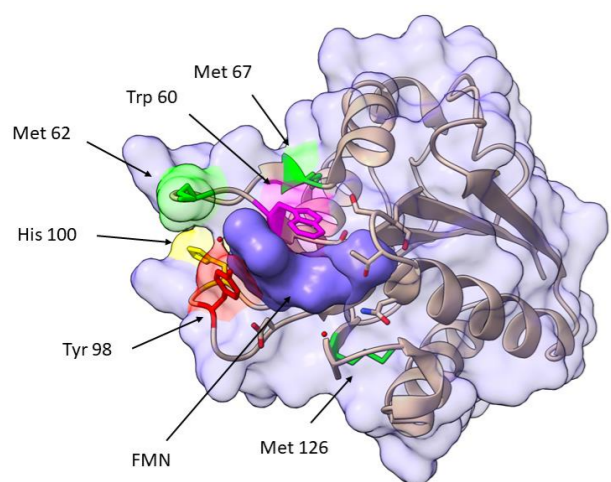

Master and PhD students who are interested in protein engineering and molecular biology techniques.

The number of participants **will be limited**, and admission is on a first come, first served basis.

## WHAT TO EXPECT?

The course will be focused on engineering of proteins by directed evolution strategy. Hands on practicals will be integrated with lectures given by researchers from Pavol Jozef Šafárik University, Universität Zürich and Slovak academy of Sciences.

## WHAT DO YOU NEED?

Fill the **registration form** and send it to us before **16<sup>th</sup> April 2023**. The costs of accommodation and meals will be **fully covered by organizers**.

For more information, contact us by email:
