

BASIC INFORMATION

The international scientific conference focuses on the issue of education in primary, secondary, and higher education and school facilities from the perspective of a pedagogue. It emphasizes the perspectives of a 21st-century pedagogue in educational practice and innovative aspects of pre-graduate teacher training. It is intended for researchers, young university teachers, and doctoral students with the aim of presenting teachers in the current perspective and initiating discussion on present-day issues of the presented areas of education in the context of the current situation in schooling.

Organizer:

Department of Pedagogy, Faculty of Arts,
Pavol Jozef Šafárik University in Košice

Conference Title:

Future Teach 2025: Teacher Education in the 21st Century. "Educating for the Future – Reflecting for Quality"

Conference Outputs:

- Book of abstracts
- Book of proceedings
- Article in the journal Edukácia

Presentation Form:

- Presentation
- Poster

CONFERENCE GOALS

- to present and analyze possibilities for the development of future teachers and in-service teachers with regard to resources and tools supporting their self-education.
- to present and analyze possibilities for the development of future teachers and in-service teachers through a school culture that responds to the needs of all stakeholders in education.
- to present and analyze the formation of teachers' digital skills and the modification of teaching towards the specifics of students.
- to present and analyze the use of artificial intelligence in education from a didactic and ethical perspective.
- to present and analyze the latest educational trends in teaching based on the paradigm of didactic constructivism.
- to present and analyze possibilities for updating teachers' professional competencies through experiential learning and solving complex educational problems.

INSTRUCTIONS FOR AUTHORS

We welcome contributions presenting empirical quantitative and qualitative studies, theoretical and methodological considerations. Only original works that have not yet been published elsewhere, nor are submitted for publication in another journal or proceedings, will be published. The author is responsible for the originality of the contribution.

cordially invites you
to the international scientific conference
