Brief No. 3325/2012

## RULES OF RECOGNIZING STUDY SUBJECTS

This Regulation represents the practices of Article 6 paragraph 10 of Pavol Jozef Šafárik University, the Faculty of Medicine, Study Rules of Procedure, and regulates recognition of the study subjects passed.

### Art. 1

#### Recognition of Study Subjects Passed

- 1) The student may apply to the Faculty Dean for the recognition of study subjects, provided the content of the study subject passed is identical with or sufficiently similar to the content of the study subject in the study programme for which the student is admitted.
- 2) The Dean may recognize passing the study subject if
  - a) it is part of their study plan as compulsory or compulsory elective study subject,
  - b) the period of time that has elapsed from passing the study subject does not exceed five years.
- 3) The student may apply for recognition of the study subject at the beginning of his/her study – no later than 30 days of the administrative registration date – on the form annexed to this regulation.
- 4) The student shall present evidence of passing the study subject in form of the “Study Records - Transcripts“ authenticated by the relevant university.
- 5) The study subjects recognized shall be registered in the AIS by the Department of Study Affairs.

### Article 2

#### Concluding Stipulations

This regulation shall become valid and effective on the date of its being signed.
