

Academic Year 2017/2018

Name and Surname	Diploma Thesis Title	Supervisor of Diploma Thesis
Miriam Kobylíková	Mesial Temporal Lobe Epilepsy	doc. MUDr. Eva Feketeová, PhD.
Gian Marco Marra	Status epilepticus in adults: electroclinical features and management.	
Teresa Manuel Melo dos Santos	Diabetes Mellitus Type 1: Prevention and Progression of the disease	doc. MUDr. Ingrid Dravecká, PhD.
Fatema Ezzy Lokat	Diabetic nephropathy - newer possibilities in the treatment	doc. MUDr. Ivana Valočíková, PhD.
João Edgar Carpinteiro Anjo	Health consequences of active and passive smoking	doc. MUDr. Kvetoslava Rimárová, CSc., mim.prof.
Marta De Castro Ribeiro	Alcoholic liver disease and its prognosis	doc. MUDr. Martin Janičko, PhD.
Naseem Azzam	Future of stem cell therapy in chronic liver diseases	
Suheil Abu Shkara	New treatments of ulcerative colitis	
Sireen Said	Irritable bowel syndrome	
Joana Pimenta Falcão Marques	Liver disease in pregnancy	
Erika Ilatov	Irisin and type 2 diabetes mellitus	doc. MUDr. Miriam Kozárová, PhD.
Boshra Nasser	Familial hypercholesterolemia	doc. MUDr. Pavol Joppa, PhD.
Anna Kalandyk	Cystic fibrosis in adults	
Hanna Marta Kotas	Influence of environmental factors on the lungs causing major respiratory diseases.	doc. MUDr. Roman Beňačka, CSc., mim.prof.
Rim Gith	Pathophysiology, clinics and diagnostics of vegetative dystonias	
Sara Marazza	Pathophysiology and clinics of respiratory rhythm disorders	
Inês Pereira Paulino	Current concepts on the pathogenesis of sudden infant death syndrome	doc. MUDr. Silvia Toporcerová, PhD. MBA
Valeria Vantaggiato	Cryopreservation in assisted reproduction)	
Jihad Abu Rumhin	High - risk pulmonary embolism - diagnosis and treatment	doc. MUDr. Viola Vargová, PhD.
Nathan Avishai Ungar	Insulin resistance, dyslipidemia and cardiovascular changes in a obese patients	doc. MUDr. Vladimír Sihotský, PhD.
Reem Assy	Options of arterial reconstructions in the treatment of ischemia of gastrointestinal tract.	
Andrea Susanne Christine Schloter	Aneurysms of visceral branches of abdominal aorta.	
Joanna Królikowska	Prevention of tromboembolism in surgery.	doc. MUDr. Zuzana Paraličová, PhD.
Yvonne Felicitas von Schack	Incidence and clinical symptoms of Lyme borreliosis in Western and Central Europe.	
Babak Rohani Mardokh	Tennis elbow from anatomical point of view	doc. MUDr. Jozef Mihalik, CSc.
Peir Beshara	Marine world as a potential source of new anticancer drugs.	doc. MUDr. Martina Bago Pilátová, PhD.
Zainuddin Nezami	Management of Symptoms in Palliative Care Medicine	doc. PhDr. Mária Zamboriová, PhD.
Carlos Filipe Salgueiro Moreira	Detection of expression levels of miRNA in different types of malignancies	doc. RNDr. Miroslava Rabajdová, PhD.
Konstantina-Chrysoula Kalpaka	Detection of the molecular changes of aortic wall during the formation of aortic aneurysm	
Kristian Thorstensen	Gender differences in rheumatoid arthritis	Mgr. Iveta Rajničová Nagyová, PhD.
Kenan Tanović	Primary and secondary fatigue in neurological disorders	
Netali Bleichman	Has the development of new antipsychotic agents stopped ?	Mgr. MUDr. Jozef Dragašek, PhD., MHA
Paulo Alexandre Rocha Simão	Dissociative amnesia: A clinical and theoretical reconsideration	
Anastasios Stringaris	Etiology of Schizophrenia	

Matan Katz	PCSK9 biomarker in atherosclerosis	Mgr. MUDr. Štefan Tóth, MBA, PhD.
Adil Mughees	Metabolic changes and cardiac remodeling in obesity and overweight	
Ibrahim Sa'Di	Depression, anxiety and social support and their effect on quality of life of people with multiple sclerosis	Mgr. Pavol Mikula, PhD.
Marwan Issa	Pre-eclampsia and Eclampsia	MUDr. Alojz Rajnič, PhD.
Paulina Szwarc	Diabetic kidney disease	
Mohammad Hawash	Inflammatory bowel disease and the kidney	
Styliani-Maria Papageorgiou	ADHD in adulthood - neurobiological aspects.	MUDr. Dagmar Breznoščáková, Ph.D.
Mohammad Suan Badarna	Current management of Barrett's esophagus	MUDr. Eduard Veseliny, PhD.
Evangelos-Michail Makris	Management of bleeding in gastrointestinal tract	
Justyna Zborowska	The biological treatment of the ovarian carcinoma	MUDr. Igor Andrašina, CSc.
Imran Haseeb Hassan	Triple negative breast cancer	
Haseeb Khan	Squamous cell carcinoma of the lung	
Joanna Teresa Niezgodá	Prognostic value of arterial stiffness measurement	MUDr. Ivan Majerčák
Roman Alexandrovich Rysin	Risk factors of kidney cancers	MUDr. Ľubomír Lachváč, PhD.
Fatma Grefat	Rizikové faktory nádorov mechúra	
Najam Jeryes	Anemia of chronic diseases	MUDr. Ľubomír Tomáš, PhD.
Raoan Said	Obesity is not just risk factor of heart failure	
Alice Moraes Ribeiro Malato	Metabolic changes in chronic kidney diseases	
Panagiota-Elpida Kalemou	Peritonitis and abdominal sepsis	MUDr. Lucia Sukovská Lakyová, PhD.
Élson Barreto Fernandes	Valvular heart disease in adult.	MUDr. Lýdia Pundová, CSc.
Mohamad Atamne	Hyperthyroidism in the elderly	
Ali Adawi	Thyroid disorders in the Middle East.	MUDr. Martin Javorský, PhD.
Salman Abo Sabite	Role of Technology in Advancing Diabetes Care.	
Amir Shamaly	Gut microbiome and metabolism.	
Paraskevas Anagnostopoulos	Sonoelastography of the uterine cervix as a new diagnostic tool of cervical assessment in pregnant women	MUDr. Milan Matta, PhD.
Adrianna Aneta Nurek	Medico-legal analysis of drowning cases in East-Slovakian region	MUDr. Nikita Bobrov, CSc.
Igor Chelmicki	Medico-legal analysis of deaths by burnings in East-Slovakian region	
Ana Catarina Coelho Pereira	Tuberculosis in Portugal and Slovakia	MUDr. Pavol Pobeha, PhD.
Aleksandra Maria Brozbar	Health effects of excessive exercising on cardiovascular and skeletal systems and doping	MUDr. Peter Horváth
Gregori Kots	Sports hernia - myth or reality?	
Andreas Omidfar	Football Injuries	
João Ínsua Dos Santos Oliveira	Flow diversion in the treatment of intracranial aneurysms.	MUDr. Peter Mach, CSc.
Aleksandra Grygorczuk	Asherman syndrom	MUDr. Peter Suchánek, PhD. MBA
Joana Lima Reis	Enzymoteraphy in gynekology	
Margaret Lucy Gibbons	Traffic accidents of pregnant women	
Małgorzata Irena Rybka	Hypertrophy of the foetus	
Luis Perez Longo	New predictive factors and genes for the prediction of preeclampsia	
Rafaella Potamitou	Acute pancreatitis	
Tamer Abu Naji	Management of acute upper gastrointestinal bleeding	MUDr. Róbert Kilík, PhD.
Fares Haddad	The acute abdomen in the pregnant patients	
Adrianos Zormpas	Malignant thyroid tumors	MUDr. Róbert Šimon, PhD., MPH

Tamer Hakim	Non-motor symptoms of Parkinson's disease	MUDr. Vladimír Haň, PhD.
Reem Saadia	Tourette syndrome	
Simon Qasis	Colonic alpha-synuclein in the pathogenesis of Parkinson's disease	
Sofia De Pina Borges	Functional (psychogenic) movement disorders	MUDr. Zuzana Baranová, PhD.
Clarissa Mazzotta	Facial dermatosis associated with Demodex sp.	
Serena Vantaggiato	Hand eczema	
Gabriela Alicja Wielgus	Promoting healthy eating habits of the adult population as part of general outpatient care (primary health care)	MUDr. Zuzana Katreniaková, PhD.
Nardin Beshara	Difference in hormonal activity of subcutaneous and visceral fat tissue.	MVDr. Eva Lovášová, PhD.
Solange Mizzi	Anorexia nervosa in relation to anxiety and depression in adolescent women.	
Zahraa Saad Turki Al-Zameli	Histopathology of intestinal acute ischemia-reperfusion injury.	MVDr. Zuzana Jonecová, CSc.
Sikandar Moradi	ADMINISTRATION OF MEDICATION AND PATIENT SAFETY	PhDr. Gabriela Štefková, PhD.
Netanel Kovalenko	Alternatives to Heart Transplantation	prof. MUDr. František Sabol, PhD., MPH, MBA
Said Darawsha	Childhood obesity and cardiovascular risk	prof. MUDr. Ingrid Schusterová, PhD.
Olga Karydi	Current possibilities in surgical treatment of thyroid gland cancer	prof. MUDr. Jana Kaťuchová, PhD. MBA
Giulia Garrisi	Management of treatment of colorectal liver metastasis	
Kobi Dabush	Monoclonal antibodies immunotherapy	prof. MUDr. Ladislav Mirossay, DrSc.
Naama Darzi	The regulation of cell cycle and the role of cyclin-dependent kinases inhibitors in cancer treatment.	
Zakya Enez Penny	Uterine Fibroids - Conservation of the Uterus	prof. MUDr. Peter Urdžík, PhD., MPH
Ameer Rabi	Metabolic syndrome and Type 2 diabetes in obstructive sleep apnoea	prof. MUDr. Ružena Tkáčová, DrSc.
Karin Adrai	Soy and breast cancer.	prof. MVDr. Ján Mojžiš, DrSc.
Helena Alexandra Madeira Trinca	Epidemiology of HIV/AIDS in Portugal: review of data and focus on public health implications	prof. MVDr. Monika Halánová, PhD.
Nizar To'Mi	ZIKA virus infection - history, epidemiology and prevention.	
Asad Ahmed	The role of lifestyle in the prevention and therapy of chronic diseases	prof. MVDr. Tatiana Kimáková, PhD.
Bilal Attar	Smoking effect on the human body	
Ze'ev Yuval Maresky	Hygiene education - what a patient must and mustn't know.	
Alifyah Lokat	Antioxidants and their role in atherosclerosis	
Loaai Darawsha	Microbial causes of infectious diarrhoea	RNDr. Katarína Čurová, PhD.
Sara Helena da Costa Fontaínhas	Postinfectious sequelae associated with Escherichia coli infections	RNDr. Marián Sabol, CSc.
Saleh Hammudi	New insights into the mechanisms of sepsis caused by Escherichia coli	
Ibrahim Osman	Opportunistic infections caused by Escherichia coli in HIV patients	
Jonathan Garreth Graham	Role of autophagy and infection in neurodegenerative diseases	
Usama Na'Ma	Microbiome in inflammatory bowel disease	
Nazarin Loungviset	Lactobacilli for prevention of urinary tract infections
