## Aims and WPs

Co-funded by the  
Erasmus+ Programme  
of the European Union

The main aim of the project is to support and modernize the medical education by establishing an innovative training center with immersive medical learning platform and realistic simulation models in order to improve the training of practical skills and soft skills in medical education for universities in JO, IR and IQ.

Work packages:

- WP1: Review, state of the art and network between partner universities
- WP2: Purchase of training equipment and training materials
- WP3: Training and integration the training program in teaching system
- WP4: Quality control and monitoring
- WP5: Project dissemination, exploitation and sustainability
- WP6: Management of the project

## Kick-off meeting

Co-funded by the  
Erasmus+ Programme  
of the European Union

The Kick-off meeting of Erasmus+ project MediTec was held from 22nd to 24th February 2018 in Amman, Jordan. According to the agenda of the meeting, all the partners presented their universities, staff and the roles in the project as well. Then the coordinator of the project presented the objectives, expected results and impact, activities and scheduling, budget, cash flow and the most important deadlines of individual project's periods.

Following the discussions between all participating partners, and to clarify particular activities of the project, all the work packages were presented separately in more details. At the end of the MediTec kick-off meeting, the steering committee of the project established members of project's sub-committees and specified their particular roles to ensure well organized implementation of the project.

## Training for teachers in Kosice, Slovakia

The first project's training in **Košice**, Slovakia was intended for teachers from partner countries. The training took place at the Faculty of Medicine, Pavol Jozef **Šafárik** University in **Košice** (UPJS), Trieda SNP 1, **Košice**, Slovakia on 21st to 24th November 2018.

Next trainings for teachers:

- Brno
- Malta

Trainings for students

- 9/2019 Kosice, Malta
- 5-10/2019 Brno

## Training for students in Kosice, Slovakia

The MediTec project's training for students in **Košice**, Slovakia was organized from 1st to 14th September 2019. The agenda of the training was conducted as a combination of selected lectures and practical lessons from theoretical and clinical disciplines taught at Pavol Jozef Safarik University in Kosice, Faculty of Medicine.

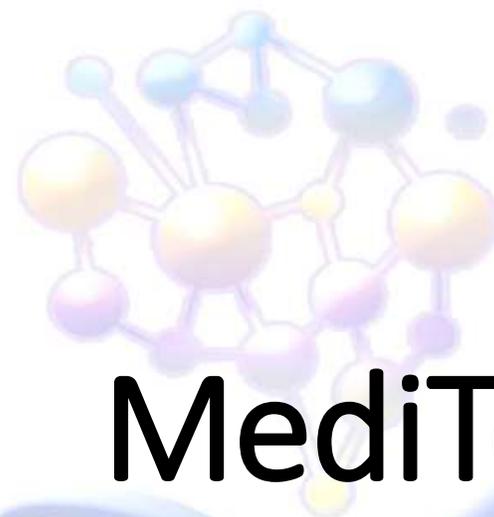

Information about UPJS and Medical Informatics  
Theoretical and clinical topics covered:

Human Anatomy, Histology and Embryology, Nursing Care, Medical Biophysics, Experimental Medicine, Medical Physiology, Public Health and Hygiene, Gynaecology and Obstetrics, Anaesthesiology and Intensive Medicine, Cardiology, Surgery, Forensic Medicine and Dental Medicine.

Students: Jordan (9), Iraq (4), Iran (Visa issue)

Co-funded by the  
Erasmus+ Programme  
of the European Union
