

Department of Anatomy of Medical Faculty of Pavol Jozef Šafárik University in Košice under the auspices of the Slovak Medical Society planned to organize a professional event The 23rd Košice Morphological Day entitled: Monitoring of selected markers under physiological conditions and in experiment on May 28, 2020. Due to the bad epidemic situation, the event did not take place, only publication with a peer-reviewed valuable contribution from members of the Slovak Anatomical Society and other supporters of the morphological community was published.
