

Dear students,

the final exam in Pharmacology will be held in **full-time** (presence) **form**.

Students can register for the exam only after fulfilling all the requirements for successfully completing the semester.

Registration for the exam will be accessible through the AIS.

General Medicine

1. **written test** using the system ROGO (the first and the second attempt; one regular date and one retake date). The final exam test will consist of 100 questions, each question has 5 different answers and only one answer is correct; the time for completing the test is 90 minutes.

Note: written test for the retake students is only for the first attempt (regular date)

2. **oral examination** (only for students who did not pass the written test – the third attempt or the second attempt for the retake students, respectively).

Evaluation of the test:

91 – 100 % – A – excellent

84 – 90 % – B – very good

75 – 83 % – C – good

68 – 74 % – D – satisfactory

60 – 67 % – E – sufficient

< 60% FX – did not pass
