

Requirements for completion

Department of Pathology

Subject: **Pathological anatomy 1**

Year: **Third year of study, WT**

Study programme: **Dental Medicine**

0. For registration of the subject (prerequisite for registration), a successful completion of the subjects Anatomy 2 and Histology and Embryology 2 (an assessment in the range of A-E) is necessary.

I. For successful completion/recognition of the subject (prerequisite for subject completion) and earning the credits for the subject, the following is necessary:

Successful completion of practical lessons/seminars

Successful completion of one written revision test

Successful completion of the colloquium (practical part)

II. For successful completion of the practical lessons/seminars, it is required:

- Mandatory 100% participation in practical lessons. Theoretical preparation for the lessons, active work with scripts (Pathology part 1) and methodical mastering of practical tasks.
- According to the Study Rules of Procedure at UPJŠ in Košice, Faculty of Medicine, Part II, Art. 12, Paragraph 8, non-participation in practical lessons shall be properly excused.
- In case of excused absence from practical lesson, the student is required to compensate practical lesson (attendance at practical lesson in presence) no later than 2 weeks after omitted practical lesson. During the semester, it is possible to compensate a maximum of three practical lessons.

III. For successful completion of the written revision test, it is required:

- To get at least 60% on the written revision test.
- The date of the written revision test is scheduled in advance.
- Participation in the written revision test is mandatory. In case of unexcused absence from the revision test, a student cannot take part in the retake credit test, **in case of excused absence from the revision test, a student will only participate in the retake credit test.**
- If the student does not get the required evaluation on the written revision test (or has an excused absence from the revision test), the student will have the opportunity to write **two retake credit tests, which are in the scope of the topics from the entire semester (topics of weeks 1-13)**, and the dates of

Department of Pathology

which will be determined at the end of the winter term. It is up to the student whether he/she will take advantage of both of the scheduled dates.

- The tests are evaluated based on the number of points (%) achieved according to the Study Rules of Procedure at UPJŠ in Košice, Faculty of Medicine, Part II, Art. 13, Paragraph 4:
 - results 91 - 100 % are evaluated „completed - A - excellent“,
 - results 84 - 90 % are evaluated „completed - B - very good“,
 - results 75 - 83 % are evaluated „completed - C - good“,
 - results 68 - 74 % are evaluated „completed - D - satisfactory“,
 - results 60 - 67 % are evaluated „completed - E - sufficient“.

IV. For successful completion of the colloquium, it is required:

- Correctly recognize and describe at least 2 diagnoses out of 3 that the student has chosen.
- Students choose 3 random histological preparations (slides) from among the 54 they studied during the practical lessons.
- There will be no opportunity to study histopathological slides outside the time of practical lessons. Students have a special time reserved for studying and reviewing the slides each week during their practical lesson.
- The student's participation in the colloquium during practical lessons is mandatory. In case of unexcused non-participation in the colloquium, the student cannot participate in the retake colloquium, in case of excused non-participation in the colloquium, the student will only participate in the retake colloquium.
- If the student does not get the required evaluation, the student will have the option of the two retake colloquiums, the dates of which will be scheduled for the winter examination period. It is up to the student whether he/she will take advantage of both of the scheduled dates.

V. If the condition in point 0 is not met by the end of the 3rd week of the semester, the student does not continue to fulfill other conditions.

VI. If the condition in point II is not met, the student does not continue to fulfill the conditions in points III. and IV.

VII. The final exam in pathology takes place during the examination period of the summer term.
