

Dear colleagues/partners,

The **Medical School of the University of Crete** is proud to offer a diverse range of English-taught programs designed to meet the academic and professional aspirations of students from around the globe. Our commitment to excellence in teaching, research, and innovation is reflected in our comprehensive curriculum that spans across various disciplines.

Visit the following link and discover the **Master program** that best fits your interests and goals.

In case you are interested in attending short courses and spend your summertime in Crete, **Summer Schools** which are organized by the University of Crete are an excellent choice. These short courses offer the opportunity to combine educational courses with inspiring social activities, explore the Minoan and the modern Cretan civilizations, discover the spectacular scenery of Crete and join local cultural events.

For more information, visit the following link.
