

## **Projects**

KEGA grant: Modernization of the pedagogical process in terms of implementing Point-of-Care Ultrasonography (POCUS) into the teaching of the subject Internal Medicine

Grant number: **008UPJŠ-4/2026, 2026 - 2028**

Principal investigator: prof. Lazúrová

Co-investigator Faculty of Medicine, UPJŠ Košice:

MUDr. Bačkorová, MUDr. Kaško, MUDr. Aljubouri, MUDr. Felšoci, Doc. Valočiková

Biomedical Research: Prevalence of Metabolically Associated Fatty Liver Disease in Individuals with Type 1 Diabetes Mellitus

Grant number: **03/2025 – 01/2028**

Principal investigator: MUDr. Šikra

Co-investigator: doc. Dravecká, prof. Jarčuška, I. IK a II. IK

APVV-22-0587 - Behavioural innovations in chronic condition management"  
(akronym: BIOCCOM)

Grant number: **APVV-22-0587, 1.7.2023 - 30.06.2027**

Co-investigator Faculty of Medicine, UPJŠ Košice: prof. Macejová

MZ grant: Early diagnosis of cardiovascular damage using new hormonal biomarkers

Grant number: **2019/32-UPJŠ-4, 2019 - 2022**

Principal investigator: prof. Lazúrová

Co-investigator Faculty of Medicine, UPJŠ Košice:

Doc. Dravecká, doc. Valočiková, MUDr. Jochmanová, MUDr. Figurová, MUDr. Brusiková, MUDr. Sotak, prof. Macejová

KEGA grant: Diagnostic Methods in Internal Medicine

Grant number: **KEGA 023UPJŠ-4/2017 , 2017-2019**

Principal investigator: doc. Valočiková

Co-investigator Faculty of Medicine, UPJŠ Košice: prof. Lazúrová, MUDr. Jochmanová, doc. Dravecká

KEGA grant : Internal Medicine Propedeutics

Number grant: **KEGA 022 UPJŠ 4/2011, 2011-2013**

Co-investigator Faculty of Medicine, UPJŠ Košice: doc. Dravecká,

VEGA grant: Adrenocortical Adenomas and Diabetes Mellitus – The Role of Insulin, IGF1, and IGF2 Receptors

Number grant: **01/0364/2017, 2017-2019**

Principal investigator: prof. Lazúrová

Co-investigator Faculty of Medicine, UPJŠ Košice: doc. Dravecká, doc. Valočiková, MUDr. Jochmanová

VEGA grant: Effect of Weight Reduction on Selected Genetic, Laboratory, and Ultrasound Parameters of Subclinical Atherosclerosis

Number grant: **1/0910/16, 2016 – 2019**

Principal investigator: Doc. Vargová

Co-investigator Faculty of Medicine, UPJŠ Košice: prof. Macejová

APVV grant: Longitudinal Research on Psychosocial Innovations in the Management of Chronic Diseases

Number grant: **APVV-15-0719**

Co-investigator Faculty of Medicine, UPJŠ Košice : prof. Macejová

Transkriptóm, metabolóm a signalóm bioaktívnych látok s protinádorovým účinkom v rode Hypericum.

Number grant: **019UPJŠ-4/2017**

Co-investigator Faculty of Medicine, UPJŠ Košice : prof. Macejová

VEGA grant: Polycystic Ovary Syndrome, Vitamin D Metabolism, and Autoimmunity

Number grant: **1/0048/11, 2011 - 2013**

Principal investigator: prof. Lazúrová

Co-investigator Faculty of Medicine, UPJŠ Košice: doc. Dravecká, MUDr. Deptová, MUDr. Figurová

VEGA grant: Possible Pleiotropic Effects of Ivabradine in Patients with Stable Angina Pectoris

Number grant: **1/0858/11**

Co-investigator Faculty of Medicine, UPJŠ Košice : prof. Macejová

MZ grant: Brain Natriuretic Peptide (BNP) as a Marker of Myocardial Injury in Non-Cardiac Diseases

Number grant: **č. 2007/4-UPJŠ-01, 2008 - 2011**

Principal investigator: prof. Lazúrová,

Co-investigator Faculty of Medicine, UPJŠ Košice :

Prof. Valočik, doc. Valočiková, prof. Tajtaková,

prof. Jarčuška, prof. Mitro, MUDr. Pundová, RNDr. Petrašová, MUDr. Habalová

CEVA 26220120040 Center of Excellence for Atherosclerosis Research

Project implementation period: **2007-2013**

Co-investigator Faculty of Medicine, UPJŠ Košice: prof. Lazúrová, prof. Tajtaková, MUDr. Pundová

CEVA 26220120025 Center of Excellence for Research on Atherosclerosis and Its Complications – Myocardial and Cerebral Infarction

Project implementation period: **2007-2013**

Co-investigator Faculty of Medicine, UPJŠ Košice: prof. Lazúrová, doc. Dravecká, prof. Tajtaková, MUDr. Pundová

VEGA grant: Monitoring the Effect of Gene Polymorphisms Influencing the Pharmacokinetics and Pharmacodynamics of Metformin on Treatment Outcomes in Patients with Type 2 Diabetes

Project implementation period: **2012 - 2014**

Co-investigator Faculty of Medicine, UPJŠ Košice: doc. Dravecká
