

**LIST OF SLIDES for practical examination of Histology and Embryology 2 for
DENTAL MEDICINE students – summer term**
Histology and Embryology 2

ENGLISH EQUIVALENTS

1. Skin
2. Heart
3. Aorta/elastic artery
4. Artery and vein
5. Thymus
6. Lymphnode
7. Palatine tonsil
8. Lingual tonsil
9. Lip
10. Tongue
11. Tooth
12. Oesophagus
13. Parotid gland
14. Submandibular gland
15. Sublingual gland
16. Epiglottis
17. Trachea
18. Placenta
19. Umbilical cord
20. Pituitary gland
21. Thyroid gland
22. Parathyroid gland
23. Cerebral cortex
24. Cerebellum
25. Spinal cord
26. Spinal ganglion
27. Peripheral nerve

NOMINA LATINA

Cutis
Cor
Aorta/arteria elastica
Arteria et vena
Thymus
Nodus lymphaticus
Tonsilla palatina
Tonsilla lingualis
Labium oris
Lingua
Dens
Oesophagus
Glandula parotis
Glandula submandibularis
Glandula sublingualis
Epiglottis
Trachea
Placenta
Funiculus umbilicalis
Hypophysis
Glandula thyroidea
Glandula parathyroidea
Cortex cerebri
Cerebellum
Medulla spinalis
Ganglion spinale
Nervus periphericus
