

**Requirements for completing the Ultrasound Anatomy course for  
General Medicine in the 2025/2026 academic year:**

- 100% attendance at lectures.
- 100% active participation in practical exercises.
- Absence from practical exercises or lectures is limited to a maximum of 1 time. Absence will only be excused in cases of serious health or family reasons.
- To successfully complete the course, each student will prepare a short PowerPoint presentation on the use of ultrasound in clinical practice, which they will present at the last practical exercise. They will also take a practical exam in ultrasound anatomy.
