

## PLEASE NOTE!

The **2nd theoretical tests** from Anatomy 2 for students of Dental Medicine will take place **during time of lecture in Lecture room P2** in the building of Medical Faculty SNP 1.

**Groups 1 and 2** - on Wednesday, **15 April 2026**, at **7:45 a.m.**

**Groups 3 and 4** - on Wednesday, **15 April 2026**, at **8:20 a.m.**

After the tests the topic *Topographical anatomy of the head* will be lectured.

### Topics of the theoretical test:

- Innervation of the head and neck in general
- Cranial nerves – nuclei, exits from the brain, exits from the skull
- Trigeminal nerve
- Facial nerve
- Glossopharyngeal, vagus, and accessory nerves
- Cervical spinal nerves
- Autonomic nervous system in general
- Autonomic nervous system of the head and neck

**Format: 40 questions, 4 options, 1 correct answer. Time limit 25 minutes.**

The **2nd practical tests** from Anatomy 2 for students of Dental Medicine will take place **during time of practical lessons** in Department of Anatomy.

**Groups 1 and 2** - on Friday, the **17 April 2026**, at **7:30 a.m.**

**Groups 3 and 4** - on Friday, the **17 April 2026**, at **1:00 p.m.**

### Topic of practical test:

- Exits of cranial nerves from the brain and skull
- Nerves of the head and neck

**Format: 20 structures, 1 minute per 2 structures.**

Please be on time!
