

Instructions for Histology and embryology 2 Final exam

General medicine

The place and time will be updated before the Final exam in AIS2 platform!

**You must bring 2 valid identification documents (your ISIC card and your ID card or your passport).
You must prepare your username and password to ROGO system.**

Information about test:

1. Test is composed of 100 questions

*** topics include microscopic anatomy and embryology (general and special)**

2. Every question has 4 different answers – ONLY 1 answer is correct.

3. Test duration: 30 minutes

4. Limit to pass: minimally 60 % (* special award – bonus credit for the final written test)

5. Log in to system:

Username = same name as for log in to AIS system

Password = your personal/natal number

password composition:

men: YYMMDD0000 or 0001 or 0002

(last two numbers of the year, month, day and 0000 or 0001 or 0002)

women: it is like for men, but month is summed + 50 (january = 51, december = 62)

If you have changed the password in AIS system, do not use it for ROGO system! You must use your personal/natal number in ROGO system.

Results will be published in AIS system.

*** Information about topics and special award is available on the web page of Department of Histology and Embryology.**
