

Requirements for Successful Completion of the Course Dermatovenereology (4th Year, General Medicine Programme)

- a) 100% attendance at practical classes (in the case of an excused absence, students may compensate a maximum of two practical classes);
- b) Mandatory attendance at a minimum of nine lectures;
- c) Successful completion of the credit test (minimum score of 60%). The first credit test will be held in Week 9, and the second in Week 13. Students must attend at least one of these test dates. Students who fail to achieve the minimum score of 60% in the credit test may take a repeat credit test on the day of the oral examination as a part of the final examination. Failure to pass the repeat credit test will result in a final grade of FX (fail).
- d) Examination of a patient;
- e) Successful completion of the final examination. To be eligible for the pre-term examination, students must meet the requirements specified in points a), b), and d) and obtain at least 80% in the credit test.
