

Department of Forensic Medicine

Pavol Jozef Šafárik University in Košice
Faculty of Medicine

SYLLABUS

Subject:	Medical Ethics and Philosophy		
Year of study:	2 nd	Subject type:	compulsory
Study program:	Dental Medicine	Course duration:	1/2

AIM OF THE COURSE

The subject Medical Ethics and Philosophy defines the ethical basis of medical profession through emphasis on character requirements of every physician and the need for ethical approach in the provision of health care and in communication with patients. It is based on understanding of the position of ethics in medical profession by application of principles of medical ethics in selected situations arising during the provision of health care, and specifically in the dental practice.

TEACHING: lectures, practicals

ASSESSMENT: exam
