Your future at State Street

Grow your career at State Street

From technology and product innovation to corporate responsibility and community development, we're making our mark on the financial services industry. We're a global company with diverse people and experiences, and a network of over 35,000 employees spanning more than 100 markets. For us, success comes from the impact our employees have – on our clients, our communities and each other.

We're committed to providing an inclusive environment where all employees feel valued and supported. Join us and make your mark at State Street.

A few words about State Street Bank International in Poland.

State Street's development in Poland is second to none. Our continuous expansion in both Krakow and Gdansk, especially in terms of complexity, has been mainly driven by the new business pipeline and transformation of our operations through innovation. Did you know that in 2007 we started off with servicing only one function (fund accounting) and three locations (UK, Ireland, Luxembourg)?

Today, we service over 70% State Street's EMEA business in 12 locations and more than 40 functions. Our client base has grown to a whopping number of 200. The team's expertise has vastly developed, and State Streeters now provide a wide range of complex investment servicing solutions, including fund accounting, derivatives, securities valuation, financial reporting, hedge fund administration, middle office, performance and analytics, risk management, compliance, legal and audit among others.
