

Presentation Maker

[MED-472](#) / December 6, 2018 / Contact: [Jan Niehoff](#)

ClinicalKey Medical Education LEARN users will be able to export images and their citation and copyright information into a PowerPoint presentation.

Overview

ClinicalKey Medical Education LEARN users will be able to select an Image from Browse or Search results, save it to a Presentation, and download the Presentation as a PowerPoint file. The citation and copyright information will be saved with the Image. From the My Presentations area, users may create, view, rename, or delete a Presentation or delete Images within a Presentation. Users may access the My Presentations area when saving an Image or by selecting it from the menu drop-down in the upper-right corner of any page.

The main steps to export images into a PowerPoint presentation using the Presentation Maker are listed below. Each step links to corresponding details in the Illustrated Steps section.

Versions affected: ClinicalKey Medical Education LEARN (All versions)

 - [Delete Presentation.](#)

Illustrated Steps

Step 1: Click an Image from the Browse or Search results.

Users may activate Presentation Maker options by opening an Image.

Step 2: Click the “Add to Presentation” link at the bottom of the Image.

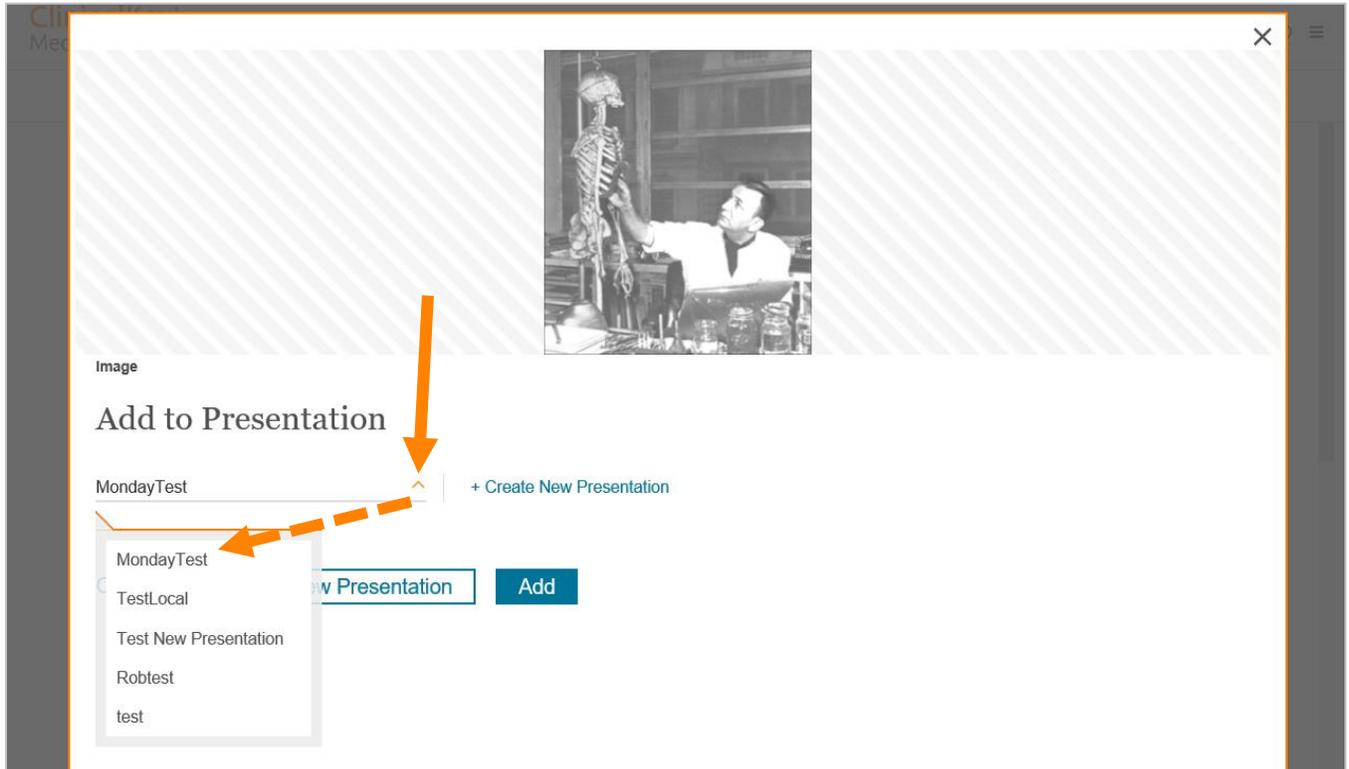

[Jump to top.](#)

Step 3: Indicate the Presentation to which the Image should be added.

Option A: Select an existing Presentation.

If the Presentation already exists, select it from the drop-down menu on the left.

[Jump to top.](#)

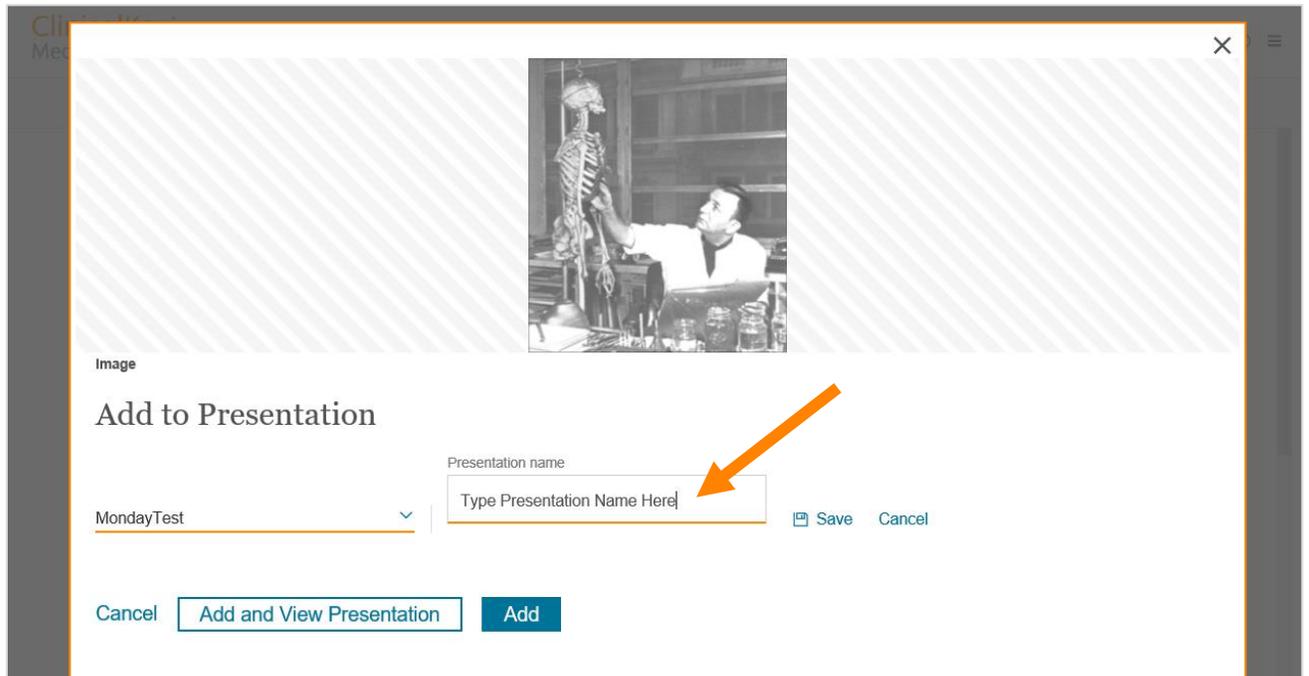

Option B: Create a new Presentation.

To create a new Presentation:

- 1) Click the “+Create New Presentation” link.

- 2) Fill in the name.

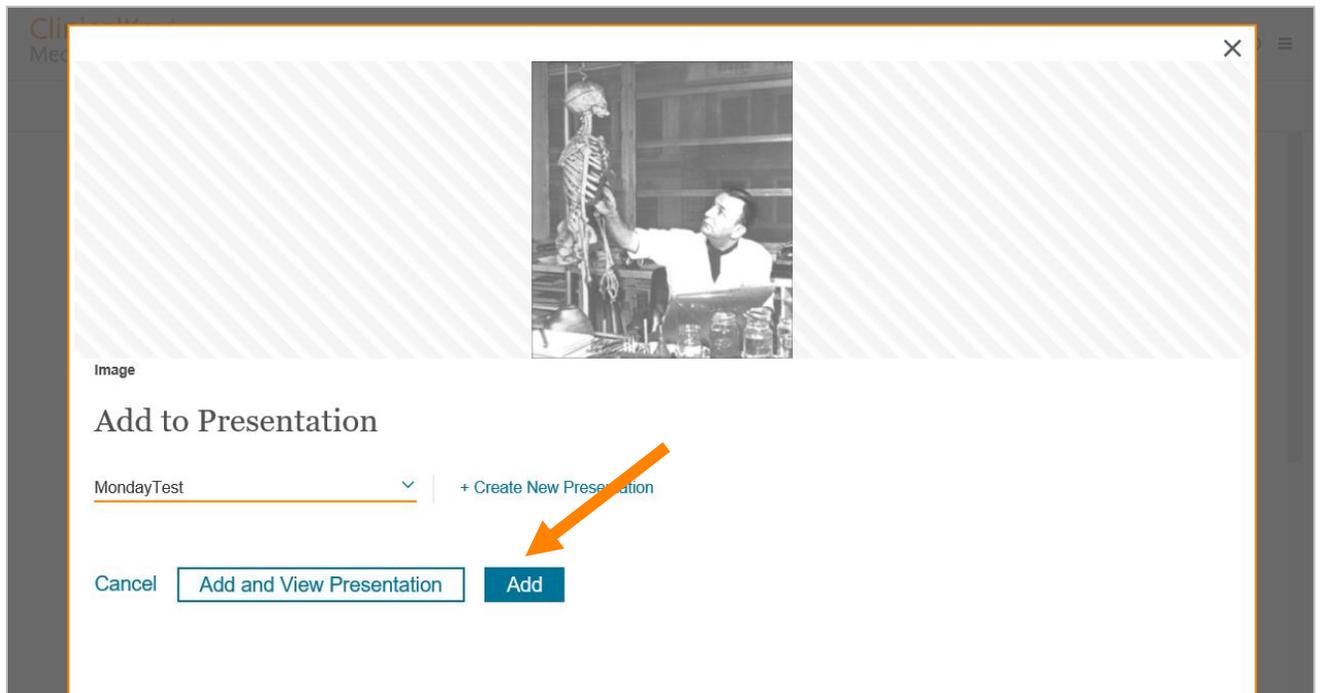

- 3) Click “Save.”
- 4) The name of the new Presentation will appear on the left.

[Jump to top.](#)

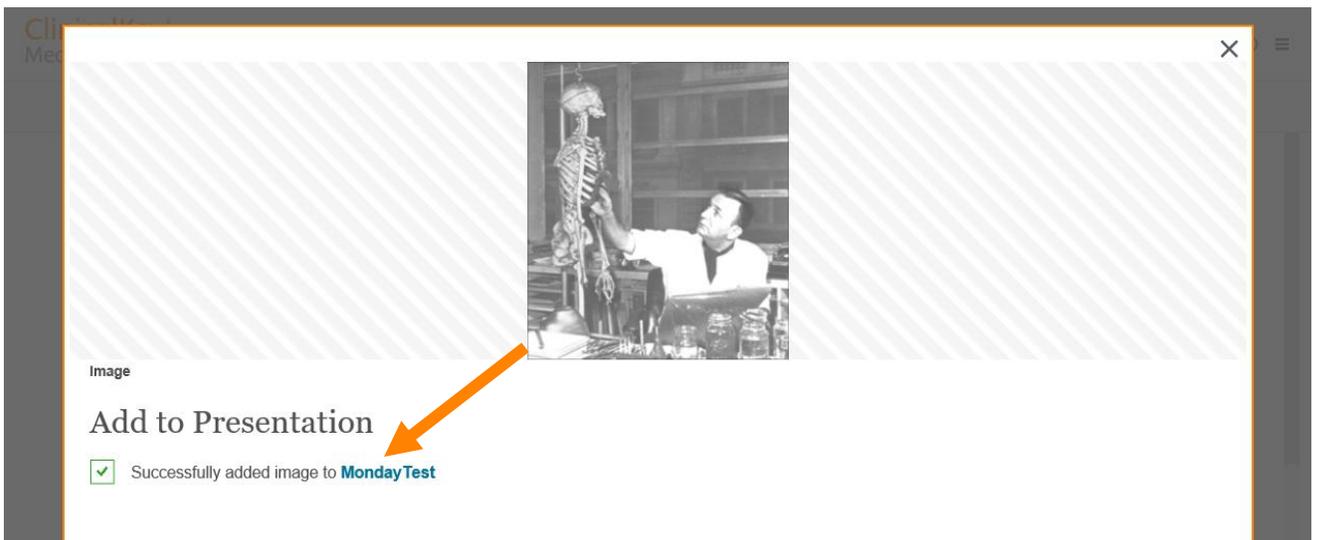

Step 4: Choose “Add” or “Add and View Presentation.”

Option A: Add.

- 1) Select “Add” to add the Image without opening the Presentation.

- 2) A confirmation message will indicate the Image has been added.

- 3) Click the X in the upper-right corner to close the Image and return to the Browse or Search results.

[Jump to top.](#)

Option B: Add and View Presentation.

Select “Add and View Presentation” to navigate to the My Presentations area, which offers the following options in the upper-right corner of the screen: Create New Presentation, Rename, Download, and Delete.

The image shows a two-part screenshot of the ClinicalKey Medical Education interface. The top part is a modal dialog box titled "Add to Presentation". It features a header image of a man with a skeleton. Below the image, there is a text input field containing "MondayTest" and a "+ Create New Presentation" link. At the bottom of the dialog, there are three buttons: "Cancel", "Add and View Presentation" (highlighted with a blue border and an orange arrow), and "Add".

The bottom part of the image shows the "My Presentations" page. The page header includes the ClinicalKey Medical Education logo, navigation links for "Search", "Browse", and "Learn", and a "Logout" button. Below the header is a search bar with the text "Search for medical education content and more ...". The main content area is titled "My Presentations" and includes a "Create New Presentation" button. Underneath, there is a "Selected Presentation" dropdown menu currently set to "MondayTest". To the right of this menu are three icons: "Rename", "Download", and "Delete". Below the menu, the presentation "MondayTest" is displayed as a grid of three cards. Each card shows a thumbnail image of the man with the skeleton, the text "New to this Edition Netter, Frank H., MD, Atlas of Human Anatomy, - vi-viii Copyright © 2019 by Elsevier Inc.", and the ClinicalKey logo.

Step 5: Visit My Presentations Area.

Option A: Navigate from an Image through the “Add and View Presentation” button.

For details, see Step 4, Option B.

Option B: Navigate from the menu drop-down.

Click Menu button in the upper-right corner of any screen, and select “My Presentations.”

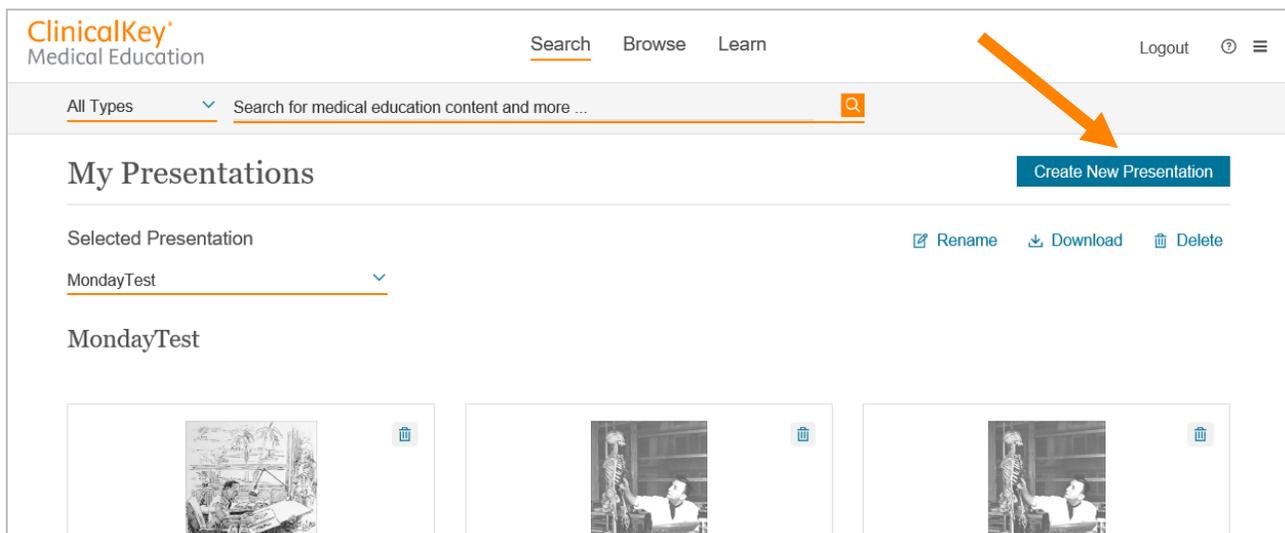

[Jump to top.](#)

Step 6: Select Options from My Presentations Area.

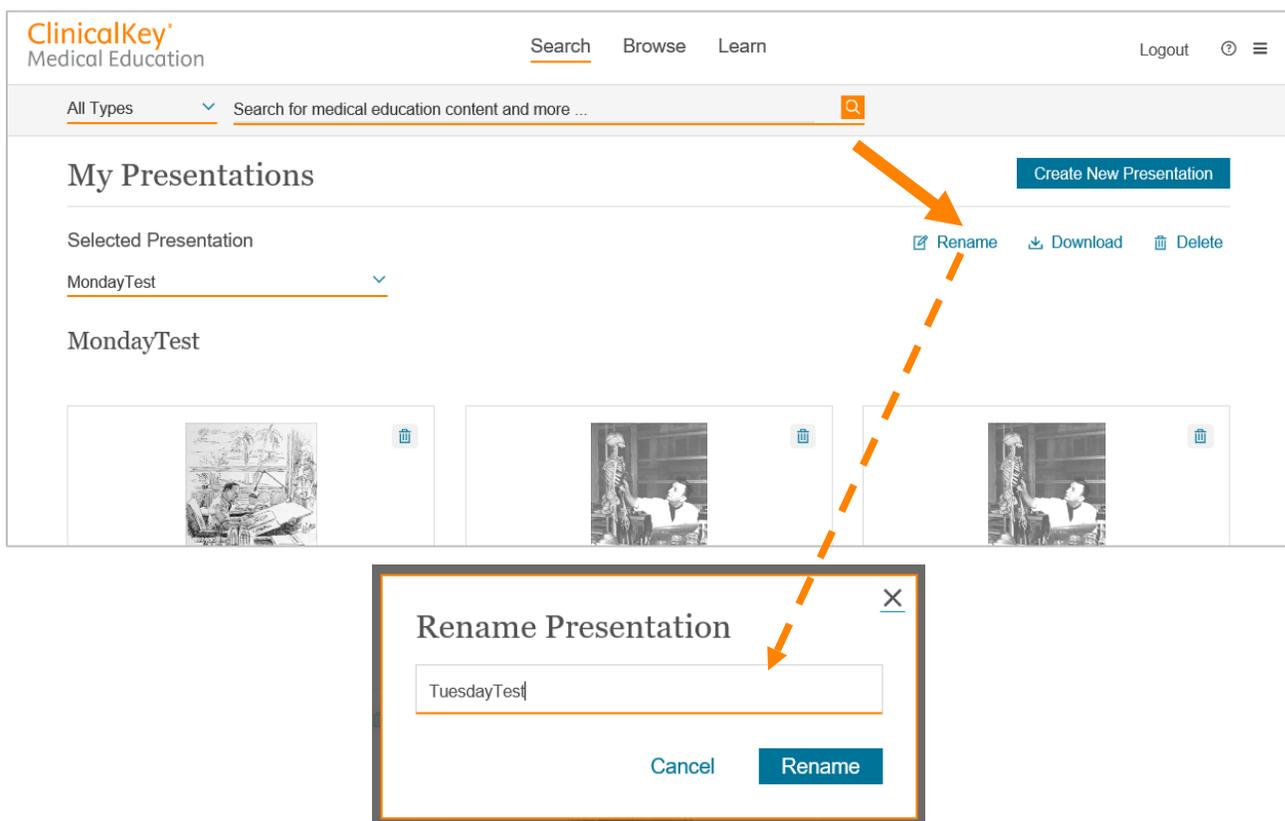

Option A: Create New Presentation.

For details, see Step 3, Option B.

Option B: Rename Presentation.

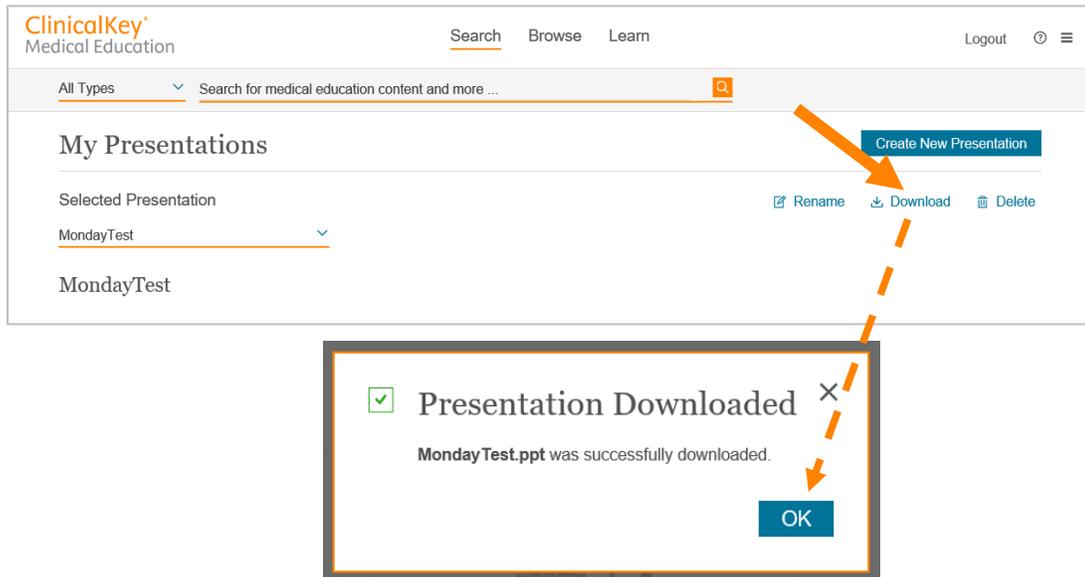

To change the name of the Presentation, click the "Rename" link, type a new name, and click "Rename."

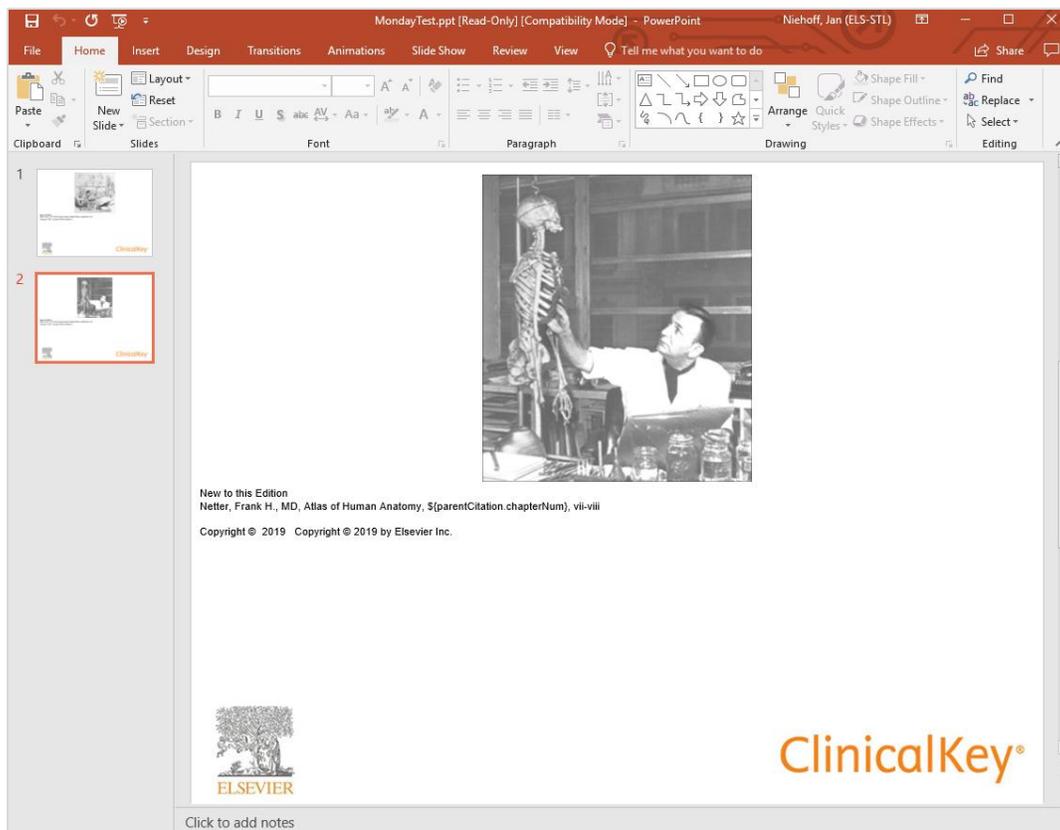

[Jump to top.](#)

Option C: Download Presentation.

Download the Presentation as a PowerPoint (.ppt) file by clicking the “Download” link. A pop-up window will let you know the Presentation was downloaded successfully. Click “OK” or the X in the upper-right corner to close the pop-up.

Open the downloaded file to view the Presentation as a PowerPoint (.ppt) file. The citation information and copyright line appear below the image.

[Jump to top.](#)

Option D: Delete Presentation.

Delete the Presentation by clicking the “Delete” link. A pop-up window will ask whether you are sure you want to delete the Presentation. Click “Delete” to delete the Presentation, or click “Cancel” or the X in the upper-right corner to close the pop-up without deleting the Presentation.

The screenshot displays the ClinicalKey Medical Education user interface. At the top, there is a navigation bar with 'Search', 'Browse', and 'Learn' options, along with a 'Logout' button and a menu icon. Below this is a search bar with the placeholder text 'Search for medical education content and more ...'. The main content area is titled 'My Presentations' and features a 'Create New Presentation' button. Underneath, there is a 'Selected Presentation' dropdown menu currently set to 'MondayTest'. To the right of this menu are three action buttons: 'Rename', 'Download', and 'Delete'. The 'Delete' button is highlighted with a dashed orange arrow. Below the menu, there is a list of presentation thumbnails, each with a trash icon in the top right corner. A second dashed orange arrow points from the 'Delete' button in the top right to a pop-up dialog box. The dialog box is titled 'Delete Presentation' and contains the text 'Are you sure you want to delete MondayTest?'. It has a close button (X) in the top right corner and two buttons at the bottom: 'Cancel' and 'Delete'.
