General medicine – Information on credit tests in summer term 2019/2020

In the summer term, 2 credit tests are written: in the weeks 6th and 12th - the precise dates and the literature to be studied for each of credit tests are given below.

Study Literature:
Harsch Mohan: Textbook of Pathology, 6th ed, 2010
Practical lessons in histopathology and methods in pathology (scripts for practical lessons with informations to histopathological slides)

The test contains 50 questions and lasts up to 50 minutes.
If the student answers all test questions in shorter time than 50 minutes, close the test, gives the tablet back to the teacher and can leave the lecture room.

Both credit tests are multiple choice tests with one correct answer.
Included are 40 theoretical questions and 10 histopathological slides.

The credit test will take place in the Lecture Hall (P4 on Monday, P3 on Tuesday) at the Medical Faculty SNP 1, in the time interval 7:00-9:00 a.m.
**The students of the whole year will be divided into two large groups.** One group will write the test in the interval 7:00-7:50 a.m. and the other group in the interval 8.00-8.50 a.m.
- Into the 1. group belong students in study groups 1-9, according the data in Academic Informatic System. These students will write the test in the time interval 7:00-7:50a.m.
- Into the 2. group belong students in study groups 10-16, according the data in Academic Informatic System AND ERASMUS students. These students will write the test in the time interval 8:00-8:50a.m.

**IMPORTANT:**
- test will be done by means of tablets (provided by Department of Medical Informatics)
