When accessing teaching in the presence form at the beginning of each teaching week, the student is obliged to prove to the teacher by a negative antigen or PCR test not older than 48 hours.

The students will arrange the testing themselves at MOM (mobile sampling site) on the day of the beginning of the lesson or during the weekend before the start of the full-time teaching. The validity of the negative test for the purposes of full-time teaching is a maximum of 7 days.

An exception to testing for COVID-19 is a student who:

- overcame COVID-19 infection and no more than 3 months have elapsed since the date of confirmation of positivity,
- has been vaccinated against COVID-19 with two doses of vaccine and a minimum of 14 days have elapsed since the second dose.

A student who, due to serious health reasons, is unable to attend full-time teaching will notify the teacher and the study department by e-mail, no later than on the day of teaching.
