

3rd Instructions for students during distance education
Summer semester 2020/2021
Dental Medicine, Anatomy 2

Dear students,

you will absolve **theoretical and practical tests from Anatomy** on the **21st of April 2021**. There are the instructions for registration (log in) to the MOODLE e-learning platform:

- Click on the link: <https://lms.upjs.sk/?lang=en> or <https://lms.upjs.sk/>
- Find: "Course categories" and click on: Ústav anatómie UPJŠLF
- Click on: AoT Anatómia online
- Register with the same login and password as to AIS
- For the first registration to MOODLE use enrolment key: **AnatomyDM21**

On the testing day, you will find the theoretical and practical tests on this platform:

theoretical test – at 8:05 am.

practical test – at 8:25 am.

Before starting the test, you have to log in also to MS Teams (lecture 21.4.) and turn on the camera. After the tests, there will be a **lecture from 8:45 am.**

- **Topic for the 10th week of study (19.4.-23.4.2021):**
4th theoretical and practical on-line tests.
Topographical anatomy of head.
- **Topic for the 11th week of study (26.4.-30.4.2021):**
Topographical anatomy of neck.
- **Topic for the 12th week of study (3.5.-7.5.2021):**
Eye. CN II, III, IV, VI. Visual pathway.
- **Topic for 13th week of study (10.5.-14.5.2021):**
Ear. CN VIII. Auditory and vestibular pathways. Skin. Endocrine system.
- **Topic for 14th week of study (17.5.-21.5.2021):**
5th theoretical and practical tests.

Study materials are available from the website of the Department of Anatomy: <https://www.upjs.sk/en/faculty-of-medicine/department/anatomy/education/subjects/> and also in MS Teams.

Stay healthy!

1st Instructions for students during distance education
Summer semester 2020/2021
Dental Medicine, Anatomy 2

Dear students,

summer semester 2020/21 we start with distance learning. Lectures will be on-line in MS Teams: *Anatomy DM* in the channel *Lectures for DM students Anatomy 2*. Practical lessons will be online according to your schedule in MS Teams in channels created for individual groups: *Practical lessons group 1*, *Practical lessons group 2* and *Practical lessons group 3*. Please keep the exact time set for each group and be on time on practical lessons.

You are required **to have your cameras turned on** during practical lessons (student will be considered absent when his camera is turned off). You are expected **to actively participate** in the practical lessons and **be prepared** in advance from the topic of the last lecture.

Study materials are available from the website of the Department of Anatomy:

<https://www.upjs.sk/en/faculty-of-medicine/department/anatomy/education/subjects/>

Due to the continuation of the distance form of education we are sending you instructions to next four weeks: **from 15.2. to 12.3.2021.**

- **Topic for the 1st week of study (15.2.-19.2.2021):**
Division of CNS. Spinal cord. Brain stem. Rhomboid fossa. Exits of cranial nerves from brain.
- **Topic for the 2nd week of study (22.2.-26.2.2021):**
Cerebellum. Diencephalon. Brain cortex: gyri and sulci.
- **Topic for the 3rd week of study (1.3.-5.3.2021):**
Basal ganglia. Limbic and olfactory systems. CN I. Brain ventricles, vessels, and coverings of CNS.
- **Topic for the 4th week of study (8.3.-12.3.2021):**
Nerve pathways (except of visual, auditory, and vestibular). Repetition of CNS.

Stay healthy!
